HISTORY-MAKING CAMPAIGN CLOSES; A NATION EAGERLY AWAITS RESULT

Record Vote is Expected to Be Polled Throughout the Country Today and Leaders Work Hard in Doubtful States.

PERSONAL APPEALS BY WILSON, TAFT AND T. R.

Presidential Candidates Continue Their Campaigning Almost to the Last Moment—Women Will Play Important Part In the Election—Latest News From All the States

New York, Nov. 4.—The most vigorous Presidential fight of recent years came to an end tonight with the leading candidates for the Nation's chief office continuing their personal appeal to voters almost to the last moment, President Taft, speaking from his train in Ohio on his trip to Cincinnati, Col. Roosevelt addressing voters at Long Island points close to Oyster Bay, and Governor Wilson addressing meetings at Passaic and Paterson, gave to the conclusion of the campaign a touch of personal activity that emphasized the interest in tomorrow's balloting.

More than the Presidency if at stake in the elections tomorrow. The Republican forces have concentrated their efforts in doubtful States to prevent an overturning of local organizations or a capture of the Legislatures in States heretofore safely Republican. The Democrats have made an organized assault upon a number of States, to control the Legislatures so that the majority in the United States Senate may be swung to the Democratic column. Against Republican predictions that the Senate will remain Republican, Democratic National leaders today claimed enough States to give them the Senate, and to greatly swell their majority in the House of Representatives, which they captured in 1910.

Few American campaigns have run through a longer period of heated controversy. The fight for the Presidency, to terminate at the ballot boxes tomorrow, was underway early in February, and has scarcely lagged since that time.

Out of the eight men who were active candidates for Presidential nominations early in the Summer, three leading candidates, representing three parties whose relative strength still is a matter of conjecture, remain to solicit the voters' support tomorrow.

The influence of women in the campaign probably will be greater than in any previous election. Each National headquarters has had an organized bureau to appeal to women workers, presided over by women well known in public and social life. In the six Western States where women will vote, Wyoming, Utah, Colorado, California, Idaho and Washington, their ballots will be an important factor in the results. In five other States, Arizona, Michigan, Kansas, Oregon and Wisconsin, the right of women to vote will be unusual at the polls. Fair weather is predicted for the majority of States. Uncertainty caused by the third party ticket, the more than ordinarily urgent appeal of party managers to all voters to "go to the polls", and the local interest caused by fights for State offices and control of State machinery, indicated a record vote in almost all sections of the country and a popular Presidential vote of huge proportions.

Light Vote in Florida.

Jacksonville, Fla., Nov. 4.—With threatening weather predicted for election day tomorrow, indications tonight were that a light vote will be cast. The campaign practically closed Saturday, with the State conceded to Woodrow Wilson.

Heavy Vote in South Carolina.

Columbia, S. C., Nov. 4.—Fair weather and a large vote was predicted tonight for election day tomorrow. The Democratic campaigners are the only ones claiming the State. For State offices the Democratic ticket is opposed by a Socialist ticket.

Close Quiet in Rhode Island.

Providence, R. I., Nov. 4.—The death of Congressman George H. Utter yesterday resulted in the cancelling of most of the Republican rallies planned for today. As a result the campaign closed quietly.

All Confident in Kentucky.

Louisville, Ky., Nov. 4.—The headquarters of the Democratic, Republican and Progressive organizations were practically deserted today, the leaders in each having left for their respective homes where they will vote, returning to Louisville tomorrow night to receive returns.

Together with the expressions of confidence over the result of tomorrow's voting each of the party campaign managers has urged fair treatment for all voters at the polls.

Close in New Hampshire.

Concord, N. H., Nov. 4.—The closest vote for President in the history of this State is expected tomorrow. Party leaders gave much of their attention during the closing hours to the Legislative campaign. Unusual interest centers in the representatives contests because of the possibility that the Legislature will elect the Governor.

All Claiming Ohio.

Cincinnati, Nov. 4.—President Taft spent the last day before election in a leisurely way across his home State, addressing crowds in more than a dozen cities and tonight reached his home city, where tomorrow he will cast his ballot. The Democrats tonight ended their long campaign in the State in a final rally in Toledo. The Republicans finished their efforts Saturday night.

Leaders of each of the three parties made claims of victory tonight. Governor Harmon, returning here from Columbus to vote, expressed his conviction that Governor Wilson would carry the State and said he believed President Taft would run second.

Both the Democrats and Republicans claim they will elect a majority of the 22 members of Congress to be chosen. Progressive candidates for Congress entered the field in only a few more than half the Congressional districts.

Almost equal to the interest in the Presidential election here is the contest for Congress in the First district, comprising the city of Cincinnati, between Nicholas Longworth, Republican candidate, son-in-law of Col. Roosevelt, and the Democratic candidate, Stanley Bowdle, an attorney, a member of the recent constitutional convention. M. F. Andrews is the candidate on the Progressive ticket.

In contrast to former elections, on the night before election there was comparatively little public interest manifest. The bands, parades and colored fire of election up to four years ago were lacking.

Connecticut is Uncertain.

New Haven, Conn., Nov. 4.—On election eve the voters of Connecticut are more uncertain as to the outcome of tomorrow's election than any Presidential election in recent years. Despite claims of good sized pluralities by the various campaign managers, everything points to a close vote.

The vote for Governor is expected to be very close between Governor Simeon Baldwin, Democrat, candidate for re-election; Judge John P. Studley, Republican, and Herbert Knox Smith, Progressive.

National Headquarters Deserted.

New York, Nov. 4.—National headquarters of the three leading parties were scenes of leave-taking and wholesale desertions today. Many officials of the National Committees left New York this morning for their respective homes to vote Tuesday. The Progressive National Committee gave up a number of rooms of its big suite in an uptown hotel this morning and moved its effects into rooms where the work of distributing literature had been concluded. Chairman William F. McCombs, Treasurer Rolla Wells and several other leading officers of the Democratic committee, remained in New York today and will receive returns here tomrorow night.

Chairman McCombs will have a private suite of rooms at a hotel, with a telegraph wire connecting him with Princeton. The location of this office for receiving the returns and passing them on to Governor Wilson will not be disclosed to the public.

All Claim New Jersey.

Newark, N. J., Nov. 4.—The campaign closed tonight with speeches in Paterson and Passaic by Governor Wilson. Democrats, Republicans and Progressives all claim the State for their candidates. Registration is not quite as heavy as in 1908, but indications are that a record vote will be cast.

The Progressives have full State and Congressional tickets in the field and claim that, while their chief strength will be polled in the northern section of the State, they will win throughout. The Democrats claim the State for Wilson by 50,000 or more plurality. The Republican leaders give no estimates, but declare Taft will carry the State.

From Western Headquarters.

Chicago, Nov. 4.—Final telegraphic instructions to State and county chairmen in all the Western States were sent out tonight from the various National headquarters in Chicago. Joseph E. Davies, for the Democrats; David Mulvane, for the Republicans; Medill McCormick, for the Progressives; T. M. Mahon Barnes, for the Socialists, and Charles R. Jones, for the Prohibitionists, directed the last commands for party workers to get out tomorrow's vote and assure a full party poll in the various States.

All of the party managers renewed the confident predictions of success, but all emphasized the necessity of keeping up the fight until the polls have closed finally tomorrow night.

Joseph E. Davies sent out a warning to Democrats urging them not to be led astray by overconfidence.

"I am convinced," said Mr. Davies, "that Woodrow Wilson will win the greatest political victory the United States has known in 50 years."

David W. Mulvane, in estimating the Taft vote, declared the President would get 315 and Wilson 132 electoral

WHICH WINS?

WILSON MAKES FINAL PLEA

Governor Addresses Democratic Rallies in New Jersey, and Calls on His People to Elect the State Ticket—Great Enthusiasm.

Passiac, N. J., Nov. 4.—Governor Woodrow Wilson closed his campaign at 9:45 tonight with a speech here before an immense crowd that cheered him uproarously. He motored to Newark and boarded a train for his home in Princeton.

"I leave the case to the jury," were the Governor's parting words. "I hope they will retire with a profound sense of their responsibility, and it is expected that under the law they will reach their verdict within 20 hours. The Governor came here after a swift automobile ride from Patterson, where he spoke earlier. William Hughes, the Democratic candidate for United State Senator, accompanied him and the ovation that greeted them was one of prolonged enthusiasm.

"The case is made up," said the Governor in his speech. "It goes to the jury tomorrow. This jury is now locked up. Everybody can get access to it; everybody can take it out to lunch if they please; everybody can have the ear of every juror. You have heard what every one has had to say, important and unimportant, true and untrue, and now tomorrow you are going to say in what direction the United States is going to move and under what leadership. You are also going to say when you are going to move. Elect a Republican President or a Third Term President, and you may have a very interesting time for the next four years. But you will not move. The Democratic party is organized with a complete force that will make it possible to move, but if you vote any other ticket than the Democratic you will postpone it indefinitely.

Paterson, N. J., Nov. 4.—Governor Wilson spent the night before election addressing Democratic rallies in Paterson and Passaic, industrial cities of his own State. He was greeted with great enthusiasm as he appeared at the high school auditorium here. An illuminated street parade had stirred the city to excitement and thousands more persons than could be crowded into the auditorium fought to gain admission.

The applause lasted for more than 10 minutes after the nominee appeared on the platform with his head bearing a large strip of pink plaster over the scalp wound he received in an automobile mishap Sunday morning.

The cheering was cut short at the Governor's protest that his time in Paterson was limited.

"I am not thinking tonight of the Presidency," said Governor Wilson, and he dealt with New Jersey affairs, urging "support of the Congressional and Legislative tickets."

"I am here wondering what the State of New Jersey is going to do with herself," he continued. "Suppose I should have the honor, with the support of New Jersey, to go to Washington and there look back on the State I love and see that the voters of this State have not maintained the things I love and the things I believe in. It would be a distressing thing to look back on the State and see many of the things you had bidden me to

LIGHTWEIGHT BOUT A DRAW

Ad Wolgast and Joe Mandot Fight 10 Fierce Rounds In No-Decision Contest—Honors Even—The Fight by Rounds

New Orleans, Nov. 4.—Champion Ad Wolgast and Joe Mandot, the local lightweight, fought a no-decision 10-round bout tonight at the Pelican Park arena. Honors were fairly divided. Both men took and received a lot of punishment and showed the marks of it. Mandot's showing increased his fistic prestige.

Wolgast's in-fighting was a feature, but after the first few rounds the local boy in this respect gave as good as he received. A large crowd witnessed the fight.

The gate receipts approximated $26,000.

Round One: Commenced at 9:53. The men were cool. Mandot was the aggressor, with Wolgast holding on. Wolgast drove a hard left to the body and heavy in-fighting followed. Wolgast landed heavy body blows and Mandot clinched. Honors were about even.

Round Two: Wolgast landed left to the body and swung to the jaw, Mandot clinching. Wolgast landed a hard left to the body and missed a swing to the jaw. They clinched in the center of the ring. Wolgast was the aggressor, landing another left to body and two lefts to the jaw in a clinch.

OUTLINES

Gov. Wilson addressed Democratic rallies at Patterson and Passaic, N. J., last night and made a final plea for the State ticket.

Col. Roosevelt last night assailed Elihu Root and other prominent New York lawyers as "Counsel against the people of the United States."

Mrs. Louise Lindloff, spiritualist, was found guilty last night of poisoning her son Arthur, and was sentenced to 25 years in the penitentiary.

In a statement issued yesterday Col. Roosevelt declared that Republican leaders are advising their followers to vote for Woodrow Wilson if they did not feel that they could support Taft.

Turkey has appealed to the powers for intervention in the Balkan war, but so far has received no replies. The Balkan allies are willing to treat for peace, but desire to do so directly with Turkey instead of the powers.

In promulgating yesterday the first revision of the equity rules of Federal courts in the last 50 years, the U. S. Supreme Court prohibited the granting of preliminary injunctions without notice and restricted the granting of restraining orders.

One of the most vigorous Presidential campaign in history of the country closed last night, the leading candidates continuing to make personal appeals to the voters almost to the last moment. Besides the Presidential contest great interest was manifested in the fight of the Democrats to gain control of the Senate.

New York markets: Money on call strong, 3 to 7 per cent.; ruling rate 7; closing bid 3; offered at 3. Spot cotton closed steady. Flour quiet. Wheat, steady No. 2 red 1.05 1-2 to 1.06. Turpentine quiet. Rosin steady.

TURKEY APPEALS TO POWERS

Calls on Them to Mediate With Balkan Allies—No Replies Received—Allies Would Treat Directly With Turkey.

Constantinople, Nov. 4, 9 P. M.—None of the powers has yet replied to the Porte's appeal for mediation. The belief is held here that King Ferdinand will not be sorry to accept European intervention, as it is considered that after its tremendous sacrifices the Bulgarian army must be near exhaustion.

Abdullah Pasha, commander of the Turkish Eastern army, still is at Scherkesskeui, and at noon today a Turkish detachment destroyed an important railroad bridge at Tchoria.

It now becomes clear that the deficient commissariat was largely responsible for the Turkish reverses. Turkish plans aimed at encircling the Bulgarian forces by an advance on the right wing. The Bulgarian general concentrated his forces on an attack on the Turkish center at Seral and the left wing along the railway. The Turkish right flank was meeting with much success, but the commissariat broke down completely, owing party to bad weather, which made the road difficult and prevented landing operations at the Turkish base, Media.

As a consequence, Mahmud Muktahr Pasha, commanding the right, was compelled to sacrifice the advantage gained because his troops were without food the whole day.

All preparations have been completed for the heir apparent to proceed to the Turkish headquarters accompanied by Ghazi Ammed Mukhtar Pasha, the late grand vizier, but up to the present they have not started.

It is asserted that the Sultan himself was deceived by Nazim Pasha's optimistic reports and only realized the true situation when an English cruiser brought the latest news, which was conveyed to the Porte by the British ambassador. The Porte then asked the powers to intervene.

The difficulty in maintaining order is increasing daily.

Don't Want Foreign Intervention.

London, Nov. 4.—The Turkish ambassador here has been directed by the Ottoman government to inform Great Britain of Turkey's willingness to receive assistance in bringing about a suspension of hostilities, with a view of arriving at a peace settlement.

T. R. ATTACKS BARRISTERS

Colonel Assails Root and Other Prominent Gotham Lawyers as "Counsel Against the People of the United States"

Oyster Bay, N. Y., Nov. 4.—Senator Elihu Root, John J. Milburn, William D. Guthrie and Lewis Marshall, four of the best known lawyers in New York, were assailed tonight by Colonel Roosevelt as "counsel against the people of the United States," who he said were "defending a perversion of the law" for which they themselves were responsible. Colonel Roosevelt's remarks were in reply to a statement made today by these four men in rejoinder to his speech in Madison Square Garden Friday night.

Colonel Roosevelt's speech was made in Oyster Bay tonight at the closing rally of the campaign. He said he had been informed that these four men, "in their present position of counsel against the people of the United States'," had attacked statements which he had made regarding decisions of the New York Court of Appeals as being contrary to the law and the fact.

He took one by one the cases which he had discussed and read from a number of book extracts to prove that he had stated the facts correctly.

The four attorneys toward whom Colonel Roosevelt directed these remarks united this afternoon in a statement asserting that the colonel has misstated the law and the fact in his criticism of the New York Court of Appeals in his Madison Square Garden speech. One by one the cases which Colonel Roosevelt cited were taken up, his criticism of the court decisions analyzed and the misstatements he was declared to have made pointed out.

As he began his campaign in Chicago last June when it had become apparent he would probably take the lead in forming a new party, so Colonel Roosevelt, with the same words, brought the campaign to a close tonight.

"We stand at Armageddon and we battle for the Lord," he said to his old friends and neighbors of Oyster Bay, who had gathered in the village playhouse for the final rally before election.

Early in the day, Colonel Roosevelt escaped injuries in another of the series of the mishaps which have befal-

ELECTION RETURNS TONIGHT

The public is again reminded that The Star invites it to become their guests tonight (as many as the street will hold) and receive the first returns from the election in the State and Nation to reach Wilmington. Besides the full and comprehensive service furnished by the Associated Press over private leased wire in our building, we have had a wire of the Postal Company run into the telegraph room of The Star, which will supplement our regular service with the bulletin service that it is furnishing to other places in the city. A first-class stereopticon in charge of an expert operator will flash the returns on a large canvass across the street in plain view of everyone.

Two telephones, Nos. 51 and 61, will also be at the disposal of our out-of-town friends and those in the city who cannot come down town, and it will be our great pleasure to give the returns to all who will call either number.

CAMPAIGN CLOSES IN BLAZE OF GLORY

Governor Wilson Deeply Appreciates Splendid Support of Wilmington.

TELEGRAPHS HIS THANKS

Finance Committee Makes Final Report, Showing $10,021 Contributed to National Campaign Fund—At Headquarters

GOV. WILSON GRATEFUL

November 4th, 1912.
Mr. James Sprunt, Wilmington, N. C.

My deep appreciation of the splendid liberality and support of my friends in Wilmington.

WOODROW WILSON.

In the above telegram, received yesterday, Governor Woodrow Wilson, of New Jersey, who with the setting of today's sun will become President-elect of the United States, gratefully acknowledged Wilmington's unflagging interest in his candidacy, which interest manifested itself so gloriously in the $10,000 contribution to his campaign fund. The telegram, brief, dignified, and breathing a spirit of cordiality, was in reply to a message sent him Saturday by his personal friend, Mr. James Sprunt, of this city, and Mr. W. A. McGirt, chairman of the Committee of One Hundred, which wrought so zealously and so well for the cause in the canvass for subscriptions in this city. This telegram was as follows:

"Wilmington, Uov. 2, 1912.
"Governor Woodrow Wilson, Trenton, New Jersey.

"Your home folk in Wilmington completed on Woodrow Wilson Day and remitted through your indefatigable campaigner, Hugh MacRae, ten thousand dollars for Wilmington, and exceeded the quota for North Carolina of twenty-five thousand dollars for the Wilson and Marshall Campaign Fund. Nothing like this has ever been done here before. Accept our warmest congratulations and best wishes.

"JAMES SPRUNT,
"W. A. M'GIRT,
"Chairman."

It was all over but the shouting for the Committee of One Hundred yesterday, but Chairman McGirt, Treasurer McLean and their trusted lieutenants had a busy day in checking up everything and making acknowledgment of all the funds and of the contributions by the guarrantors, who came forward nobly with the amount of their guarantee and swept the fund just $21 beyond the limit. It has been a great achievement for Wilmington and Wilmington and workers and contributors alike may feel proud of the result.

Wilson headquarters at Front and Princess streets will remain open until after today and tonight the election returns will be received there and read to all who care to remain with the "boys" until the finish. A special wire of the Postal Telegraph Co., has been run into the building and Manager Stansel promises a first-class operator to take the returns. All are invited to go to the polls today, do their duty by Wilson and the entire Democratic ticket and then turn out tonight and hear the news of Democratic triumph in State and Nation. Yesterday a unique device was suspended over the entrance to headquarters. It is a miniature barrel of flour, called "Our Choice" and to which is suspended a banner, calling attention to the fact that in Wilson lies the only hope of seeing the high cost of living come down.

The contributions acknowledged in full by the committee last night are as follows:

Wild fighting followed, with the champion on the ropes. Wolgast clinched in a rally in the center of the ring. Both men were weak. Mandot received heavy rights on the head and staggered Wolgast with a right cross counter. Desperate fighting followed, Wolgast being the aggressor, with Mandot clinching. Both men were desperately punished and honors were even at the close of hostilities.

strive for spoiled by the men whose operations I know."

The Governor spoke warmly of "Billy" Hughes, as he called him, the Democratic choice of the recent primary for United States Senator. Paterson is the home of Mr. Hughes, and he received a great ovation. Once in his speech the nominee asked the rhetorical question: "Who is going to serve you?"

A voice answered, "Wilson for President."

"No, no," retorted the Governor, "no one man can do this job. This job can be done only by the backing of the people of the United States."

The candidate only summarized the issues of the National campaign. He charged that all of the panics of the country were brought about under Republican administration as a result of our antiquated banking and currency system.

"The people of the United States," he said, "will be just as safe under a Democratic administration; no they won't they'll be even safer."

Before the Paterson speech, the Governor was entertained at a local club at dinner. During the dinner Joseph P. Tumulty, the Governor's secretary, arrived with the news that an hour earlier Mrs. Tumulty had presented him with a new son. The Governor proposed a toast to the new baby, and Tumulty announced his decision to christen the boy "Woodrow Wilson Tumulty."

NOREUGA NEAR CAPE HENRY

Cutter Onondaga Is Towing Steamer Which Was In Collision

Norfolk, Va., Nov. 4.—Towed by the revenue cutter Onondaga, the Norwegian steamer Noreuga, which was in collision with the full-rigged sailing ship Glenlui Friday morning below Hatteras, was 30 miles below Cape Henry at a late hour tonight. The Glenlui towed by the battleship Minnesota, was a few miles further down the coast. The Noreuga with No. 1 hold flooded, one bulkhead carried away by the storm and No. 2 hold leaking, is being towed stern first. Her crew and eight passengers, most of whom were women, were taken off early this morning by the Onondaga.

Captain Hansen is still on board the Noreuga and is helping to make the task of the Onondaga as easy as possible by keeping the disabled ship straight on her course.

The Noreuga should reach port early tomorrow morning if No. 2 bulkhead hold out. The ship will be docked and her freight will be transferred to the steamer Mexicana, which is preparing to sail for Vera Cruz to which port the Noreuga was bound.

stantinople, went to the foreign office and conferred with Sir Edward Grey, the British foreign minister, for two hours.

The Balkan nations and Greece are persistent in their determination that Turkey must arrange directly with them the terms of peace without the intervention of the European powers. This attitude is emphasized in a statement from official sources which says:

"The Turkish proposal of peace is satisfactory insofar as it shows a desire to prevent further bloodshed.

"As regards foreign intervention, however, there seems to be no chance of the Balkan States listening to any foreign counsels while treating for the arrangement of conditions of peace. These must be settled between the Balkan States and Turkey direct."

MRS. LINDLOFF GUILTY

Spiritualist Gets 25 Years For Poisoning Her Son

Chicago, Nov. 4. — Mrs. Louise Lindloff, spiritualist and crystal gazer, was found guilty of murder by a jury in Judge Windes's court here tonight and her punishment fixed at 25 years in the penitentiary. She was charged with the poisoning of her 15-year-old son Arthur.

The woman laughed hysterically and glanced at the jury when the verdict was returned. Later she collapsed while standing in an ante room surrounded by her friends. She was removed and led back to her cell in the county jail, where she protested her innocence. Motion for a new trial was made by her attorney and the court set November 13th as the date for hearing arguments.

EXCITEMENT KILLS HIM.

John E. Hurst Suffers Fatal Stroke at Election Rally.

Asheville, N. C., Nov. 4. — Overcome by the excitement of a big election rally at Barnardsville today, John E. Hurst, a prominent farmer of the Big Ivy district, suffered a paralytic stroke that resulted in his almost instant death. A great crowd had gathered for the rally, attracted by the fact that Hon. Locke Craig, Democratic nominee for Governor, was to speak. Just as J. J. Mickey, one of the speakers, mounted the platform, a slight commotion was heard in one corner of the school house, and it was found that Mr. Hurst had reeled over in his seat and died. The meeting was cancelled.

Gainesville, Fla., Nov. 4.—The University of Florida football team defeated the College of Charleston eleven here today by a score of 78 to 0. Sensational runs for substantial gains were made by the Florida players. The forward pass was used repeatedly by Florida, and was an important factor in piling up the large score.

ALWAYS CONQUERS RHEUMATISM

Thousands of persons have been rescued from the tortures of Rheumatism and restored to perfect health by the use of S. S. S. So uniform are the good results from its use that we do not hesitate to say S. S. S. always conquers Rheumatism if given a fair trial. You can never cure this deep-seated disease with external treatment, such as liniments, plasters, blisters, etc. These may furnish temporary relief but they do not reach the blood where the real cause is located. Rheumatism is rooted and grounded in the blood and must be driven from its stronghold there before permanent relief can be had. S. S. S. conquers Rheumatism by driving from the circulation the excess accumulation of uric acid which is responsible for the disease. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour fluid, causing pain and agony throughout the system, it becomes a nourishing stream furnishing health to every portion of the body and relieving every symptom of Rheumatism. If you do not conquer Rheumatism it will conquer you. S. S. S. is the one remedy you can depend upon for good effects. Book on Rheumatism and medical advice free. THE RECORDER'S COURT.

Several Cases Before His Honor Yesterday—Convict Tried.

Ed Austin, colored, whose 12 months term on the county roads for abandonment and non-support does not expire until Friday of this week, and his wife, Hattie Austin, essayed the stellar roles in the Recorder's court yesterday morning. It appears that Ed has been a "trusty" for some time and has frequently come to the city at night to see his wife, one officer testifying that he had seen him leaving his wife's home about 5 o'clock in the morning at least 25 times. He was always alone.

He came to the city Saturday night about 9 o'clock and he and his wife began quarreling about rent money. They used very strong language in passing compliments on each other and bawled out so loud that they were heard by police officers a block or two away. They continued to heap abuse upon each other until the officers arrived at the spot. The woman went from her house to the home of a neighbor and back again to her own home with Ed following her. After watching and listening to them a few minutes across the street the officers went over and placed both under arrest on a charge of disorderly conduct.

The Recorder found both guilty. The woman was let off with a fine of $5 and costs, but Ed he was sent back to the roads for another 30 days, his term to begin Friday, when his former sentence expires. He asked the Recorder to change it to a fine, but the court denied the request, remarking that the defendant had no business at his wife's home in the city when he is supposed to be serving a term on the roads. L. Clayton Grant, Esq., represented the defendants.

William Holmes and wife, Annie Holmes, were found guilty of disorderly conduct. The woman was fined $10 and costs, while the man got off by paying the costs. James Whitfield, colored, paid a fine of $5 and costs for drunkenness and disorderly conduct. Jeter Jenks, Richard Gray, James Roberts, Louis Carter and Pearley Simpson, all colored, were each fined $5 and costs for gambling. A similar case against Rufus Bellamy, colored, was dismissed, but he was convicted and fined $5 and costs for running a gambling house. Rufus Davis, colored, was taxed the costs for disorderly conduct. He was late in getting to court and a bond of $7 was [illegible] forfeited. Willie Smith, a white youth, was found not guilty of assault and battery on another white youth considerably younger than he.

Daisy Green, a colored girl, was sentenced to three months on the county farm for the larceny of some clothes from Annie Halsley, colored. She took an appeal, bond being fixed at $50. L. Clayton Grant, Esq., represented the defendant.

FRAIL, SICKLY CHILD

Restored to Health by Vinol—A Letter to Mothers

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter:

J. Edmund Miller, New Haven, Conn., says: "My little daughter ever since her birth had been frail and sickly, and was a constant source of worriment. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers, —combined with the blood making and strength creating properties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated. We return the money in every case where it fails. Robt. R. Bellamy, druggist, Wilmington, N. C.

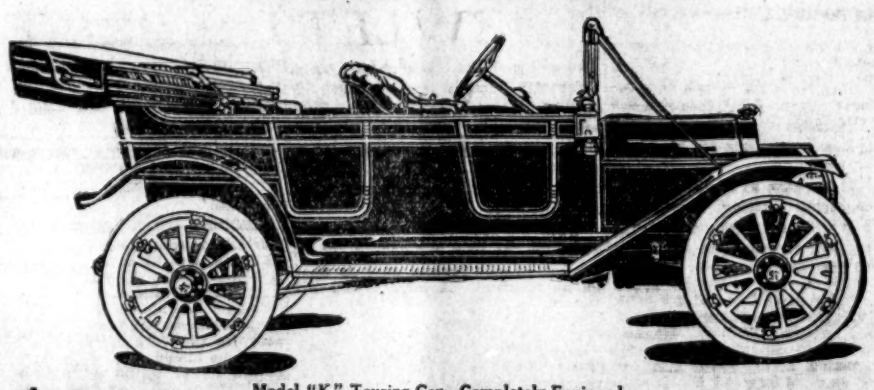
K-R-I-T



Model "K" Touring Car—Completely Equipped.

The car that conquers every territory it enters is the car to tie to

K-r-i-t cars have already conquered in many sections. They have never yet failed in profit to the dealer, and satisfaction to the buyer.

Increased production now enables us to bring them to you.

Here, therefore, is the opportunity for dealer and buyer alike—a car of medium price that offers such value and service that it has made a clean sweep.

One of the explanations of K-r-i-t value is—that all the essential parts are made within the K-r-i-t organization; the money is put into the car itself and not in useless equipment.

Dealers who know the K-r-i-t, know that the best part of the K-r-i-t profit lies in its character—which makes it a successful car next year as well as this year because the K-r-i-t reputation rolls up the sales. Moreover they know that K-r-i-t service means that the K-r-i-t Motor Car Company stands back of every car—that a written guarantee for a year goes with each car.

The dealer knows also that when he is offering the K-r-i-t he is offering his client a full $900 worth in power, speed, ease in riding, room, comfort, and reliability—more in fact, for that sum than he could ever offer before.

Therefore, the Dealer who ties up with the K-r-i-t will be scoring, like others before him, the biggest business stroke of his career. He will be tying to a car that will sweep through his territory just as it has triumphed elsewhere.

If you understand the technical side of an automobile, bear in mind that the K-r-i-t motor, clutch and transmission are a unit.

That means conservation of power, getting as near as possible 100-per cent efficiency. And speaking of power, don't forget that while the K-r-i-t is medium in price, it is full powered, staunch and husky, equal to any work.

K-r-i-t models are finished in black and nickel and with 56 or 60-inch tread as desired. Their equipment is complete.

An electric lighting system including five lamps, and 100-hour storage battery is added to each car for $10 extra.

SENATOR SIMMONS

Vote for Him Today, and Share in the Victory Tonight.

Governor Kitchin, through his campaign manager, winds up his campaign by quotation from a few Republican papers favorable to Senator Simmons. It is probably true that a great many Republicans in the State have concluded that Senator Simmons will make **the most capable representative of the State** in the Senate, but certainly no larger a per centage of **Republicans** than of **Democrats** have reached this conclusion. A preponderating per centage of opinion **among all classes** in the State, **except Butler Republicans,** have no doubt concluded that since Senator Simmons has won his front rank in the Senate he will be vastly more valuable to the State and to the cause of just government **than either of his opponents,** or more valuable than **any new Senator,** however able and honest. Mr. McNinch will find on Tuesday that a majority of **every class and calling in the State have reached this conclusion.**

Judge Clark winds up his campaign by putting the strong peddle on freight rate discriminations and the internal revenue tax on manufactured tobacco. On both of these issues **Senator Simmons furnished the material on which the Chief Justice makes out his case.** The very instances of freight discriminations which the Chief Justice uses are taken from one of Senator Simmons' speeches on this matter in the Senate, session 1910. Likewise his opposition to the internal revenue tax on manufactured tobacco probably came from Senator Simmons' speech on this subject in the Senate July, 1909, in opposition to increasing the tax from six to eight cents per pound, except that Senator Simmons never made the scarcely plausible contention that this tax, if taken off, would be added to the price of leaf tobacco. The Chief Justice **backs up the Senator's record** handsomely on these matters, except that he distorts the record to make it appear that on one vote Senator Simmons voted in favor of freight discriminations because he, in company with **La-Follette, Dixon and other progressive Senators,** favored a **measure of relief that was adopted,** instead of a more drastic one that they **knew could not be adopted,** and that only got **eight votes in the whole Senate,** and then on the final vote on the more drastic proposition Senator Simmons was **paired in favor or it.**

Senator Simmons has **won his fight at every step of the way,** in this campaign of attack on his record, just as he won his way to the very front rank **among his colleagues in the Senate,** while he was making that record. **Vote for him today, and share in the victory tonight.**

A second primary held the last of November would be a calamity, Politically, Socially and Morally. Unless a Senator is nominated today, a second primary is inevitable. Senator Simmons is admittedly the only candidate who can be nominated today; therefore, all Democrats who would save the State from a second primary should vote for Simmons.

Campaign manager for Senator Simmons.

SPECULATION OVER RESULT

Senatorial Primary Absorbing Interest in Raleigh—Governor Offers Rewards at Democratic Headquarters—Other News.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 4.—Nobody seems to know just what to expect tomorrow in the matter of the volume of the vote that will be cast for United States Senator in the Senatorial primary.

Normally, there is a 160,000 Democratic vote, but it is entirely problematical as to the number of normal Republican voters who will vote the Democratic ticket just in order to take part in the election for Senator. It is pointed out that in this State with the electoral vote sure to be overwhelmingly for Wilson and every Congressman assuredly Democratic, there are lots of places in the State where the Republican can forego voting his ticket entirely without the loss of any Republican election and they can get a free pass to the Senatorial contest by voting the Democratic ticket. At the same time they will have some excuse for voting against either Taft or Roosevelt, not knowing which will be the dominant spirit in the future of the Republican forces. Some expect the total vote in the Senatorial primary to run up to 175,000 and possibly more. Opinion is much divided as to the probable outcome and just how this vote will be lined up on the first primary. The Simmons forces are insisting that there will be a Simmons victory in the first primary by 20,000 to 25,000 majority of the vote cast. Some of the Kitchin leaders talk of his nomination in the first primary and all of them insist that he will be an easy winner in the second primary. On the other hand, Chief Justice Clark's supporters are taking the ground that he will poll such a strong vote in the first primary that there cannot be a nomination of either Simmons or Kitchin and that he will win in the second. Party leaders are freely expressing the earnest hope that the party may be saved from any second primary.

Governor Kitchin issued today rewards of $200 for Frank Ruark, white, of Ashe county, wanted for criminal assault; $50 reward for John Bright, wanted in Green county for secret assault on J. W. Dixon, and $100 reward for Walter and Frank Johnson, wanted in Rockingham county for the murder of Dave Wilkerson. The Johnsons are negroes and killed a white man.

Governor Kitchin authorizes a special term of civil Superior Court for Pamlico county, to convene December 9th with Judge Daniels presiding to continue two weeks. Also a special one week term in Forsyth county to convene November 25th, Judge Adams presiding.

State Chairman Chas. A. Webb, of the Democratic Executive Committee, who left Democratic headquarters here Friday evening for Asheville, will return to Raleigh early election morning, his purpose being to arrange a pair on voting while in Asheville. Secretary W. E. Brock, of the State committee, went to his home in Wadesboro tonight to vote and will return Tuesday afternoon to have a hand in receiving returns at State headquarters.

While the campaign generally closed down Saturday night, it was pushed right up to the last minute in Orange county where County Chairman Robertson boasts that he will retain the lead secured in the last election over the Republicans who dominated the county in the past. The final campaign spech in Orange was delivered tonight by E. D. Broadhurst, of Greensboro, who is declared at State headquarters to have rendered especially good service in the present campaign.

WILSON AT WAKE FOREST.

Club of Over Three Hundred Members. Baraca Class at Banquet.

(Speical Star Correspondence.)

Wake Forest College, N. C., Nov. 3.—The Woodrow Wilson Club of Wake Forest, observed "Wilson Day" last Saturday, Dr. E. W. Sikes, Dr. Paschal and Dr. Hubert Poteat were the speakers of the occasion. A more enthusiastic meeting has not been held at Wake Forest in a long while. The speakers discussed the record of the three candidates for President as well as the records of the two political parties. Many of the students said that the speeches were the best political speeches that they had ever heard.

At a recent meeting of the club over 100 new members joined, making a total of more than 300 members now. At this meeting Dr. Sled gave a lecture to the club in which he held Taft and Roosevelt up before the club as they really are and not as some people think they are, and when the light was turned on them they did not look good at all. Dr. Sledd displayed much wit and humor in his lecture. In referring to the election of Taft and Roosevelt he says that we did not want either a tub of soap-grease in the White House or a cyclone.

Many of the students will go home next Tuesday to vote for the favorite candidates, Wilson and Craig. The students feel somewhat attached to Wilson as Wake Forest was the first college that ever conferred the LL. D. degree upon him, and this was the first honorary degree that Wake Forest had conferred upon anyone up to this time.

The Baraca Class of this place will give a banquet here Friday night, which will be one of the biggest social occasions of the year. Many Philatheas are expected to be here from the sourrounding colleges.

KITCHIN CLOSES AT DURHAM

Following Long Precedent Governor Speaks at Immense Democratic Rally in Durham—Telling Blows for the Party.

(Special Star Telegram.)

Durham, N. C., Nov. 4.—Following a precedent of 16 successive years, Governor Kitchin tonight spoke in the final Democratic rally in this city. The Academy was packed to the utmost of its capacity, and fully 1,800 people heard the strong appeal of the various speakers who spoke in behalf of the Democratic ticket and vote.

Among the speakers of the occasion were Durham's foremost orators and debaters among whom were Judge R. H. Sykes, John W. Umstead, W. J. Brogden, J. R. Manning, C. B. Green and Victor S. Bryant. They all urged the voters to follow the examples of past Durham voters and stand firm in Democracy. The watchword was "To your tents, O Israel," do your duty and let nothing turn you from it.

Many of those present thought that Kitchin was to continue the Senatorial fight, but he offered to do nothing of the kind, confining himself solely to his subject, "Democracy." He traced the history of the party down through years and says, that now all its opponents are dead except Republicans and and that one is on the eve of its death struggles. He outlined two theories of government, one oppressive, of which the Republican party is an example, the other constructive and of equal rights, and privileges to none; the one allowing the few to grow rich off the blood money of the masses, through protective tariff, the other for the welfare of all. He declared that Craig would undoubtedly be the next Governor, and that he will make a good one. He showed that this contest is close to every man; every one must support his party and vote the ticket throughout. He showed how the Republican party has lived a life of 50 years of greed and plunder, but tomorrow its death knell will sound and a new era of equal justice will begin. He told how the Democratic party lost control 20 years ago on account of a split ticket. The Democratic House has now proved so good and effective that tomorrow we will again take the country from the Atlantic to the Pacific and turn all rascals out of office, and Woodrow Wilson will be elected.

He proceeded to show the progress made in this State under Democratic administration, pointing to the improvement in roads, school houses and other advantages and showing how the law has been administered during the past four years, stating that there are 350 more criminals on the public roads of the State and 150 more in the penitentiary than in a former administration. He stated that the coming administration will be like the past one and be declared that any Republican office seeker was ashamed to promise that account of the bad records of each of their successive administrations. He concluded by urging the First Voters' Club which was present en masse, to follow in the way they had begun and all Democrats to vote the straight ticket, and bring about a wide majority throughout the State and Nation. He then set forth a prophecy that at the expiration of Wilson's term, Bryan would be nominated and will be elected President from all parts of the Nation with outstretched arms.

T. R. ATTACKS BARRISTERS

(Continued from Page One.)

len him during the campaign when a platform on which he was seated at Mineola gave way. No one was injured.

The village band was out in Oyster Bay tonight and there was red fire and noise unlimited.

In a statement issued here today Theodore Roosevelt charged that Republican leaders are advising their followers to vote for Woodrow Wilson, if they did not feel that they could support President Taft. The great concern of the "bosses," the colonel said, "would be to beat the Progressive party."

"Several gentlemen have told me," said the colonel's statement, "that certain of the lesser bosses who are Mr. Barnes' henchmen—Mr. Abe Gruber, for instance—have recently been publicly advising their hearers to vote the Democratic ticket, if they did not feel like voting the Republican ticket. This is interesting, as a fresh proof of how close and intimate the alliance is between the machines, if they can only beat the Progressives. Mr. Gruber's case merely illustrates what had already been shown by the conduct of Messrs. Penrose, Barnes and Crane, and the other Republican bosses in New Jersey, Illinois and Indiana, precisely as in Kansas, California and Oregon, that they had not slightest expectation of winning this election and that their one purpose is directly or indirectly to aid the Democrats, in order that the Progressives may be beaten.

"The financiers and bosses of this type are really non-partisan in their feeling. The men mentioned are nominally Republican in their feeling, but they know they can always make terms with the bosses in the Democratic party. If they cannot keep their own party under their own control and at the same time in control of the nation, the next best thing, from their standpoint, is to put the Democratic bosses in control of the nation.

"When the Abe Grubers, without regard to party, are both ready and eager to support either of the old parties in order to beat the Progressive movement, then it is surely time for all honest and decent citizens, without regard to their past political affiliations, to support the Progressive party."

Remarkable Demonstration in Honor Of Senior Senator In Jones County—Horseback Procession And Other Features

(Special Star Telegram.)

Newbern, N. C., Nov. 4.—Senator F. M. Simmons closed his campaign for the Senate in his home county at Trenton today, amidst the wildest enthusiasm ever witnessed in the political history of the county. The Senator went to Trenton from Newbern by automobile, making a short stop at his plantation on his way.

The people of his native county turned out en masse and the crowd was enlarged by many people from adjoining counties. A few miles from Trenton 250 horsemen met the Senator and his party, and escorted them to the Court House at Trenton, where 3,000 people had assembled to hear the speech. Upon his arrival a remarkable ovation was given him by a demonstration lasting many minutes. The Senator seemed to be deeply touched by the great honor accorded to him, and his old friends say that he made the greatest speech of his life. After referring to his own election briefly, he spoke for the election of Wilson and Craig, declaring that as much as he would like to be re-elected, he would prefer his own defeat to that of either Wilson or Craig. It is said that this occasion excelled anything of the kind ever held in a country town in the State.

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for $2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Tuesday, November 5, 1912.

"Women for Wilson." 'Nuff sed! They know.

Keep straight and vote straight from Wilson to constable.

Wilmington will win with Wilson! Well, we will do it today.

These days we have to put up with a queer meal instead of a square meal.

A swatter who swats can always count upon receiving as many swats as he gives.

Don't fritter away your vote today. Make it count for every Democrat on the ticket.

Says the Charleston Post: "Welcome home, Mollie." Probably Mollie is the cook.

Tomorrow will be the cold, gray dawn of the morning after for all false hopes and disappointed ambitions.

Let your vote on the National ticket be so cast that you can face the Congressional pollholder with a clear conscience.

The campaign fund of the National Prohibition party was $20,000, and the Socialist fund climbed up to $50,000. That is $70,000 thrown to the whale.

Dr. Harvey W. Wiley, food expert, recently advised: "Avoid useless fat." It is hoped President Taft will not consider that in any manner personal.

Governor Hi Johnson, the Bull Moose's running mate, declares that "Roosevelt is the flaming arrow of God." Be jabbers, he looks more like the tail to Perkins' kite.

Taft does not propose to change existing conditions. Roosevelt proposes a radical change in favor of trusts. Wilson offers the only remedies upon which the people can rely for a change in their interest.

A Western paper said of a candidate: "He lies and drinks." That probably is a lie, for candidates generally stand and drink like other men. A candidate is simply a man who is running for office.

Much ado has been made of an Iowa baby which swallowed a Bull Moose button. Of course, the baby didn't know any better than its father who had swallowed the Bull Moose and his Armageddon doctrine.

Taft suppressed the insurrection in Nicaragua but has been unable to suppress the insurrection in the Republican party. "A prophet is not without honor, save in his own country." He was not big enough to head off the Bull Moose.

A New Yorker who committed suicide left a note saying that his downfall was caused by horses and women. It is to be inferred that he bet some of his money on slow horses and spent the balance on fast women. Lack of judgment was the real cause of his being "all-in-and-down-and-out."

Roosevelt's plan for regulating trusts is for him to be President and be empowered to appoint an industrial commission which shall handle the corporations according to his plan. When he was President he consented for the Steel Trust to gobble up its only competitors—the Tennessee Coal and Iron Company. He aided in the suppression of competition by nullifying the Sherman anti-trust act, so the people are not willing to trust him and a commission which he would appoint and dominate. He stands too close to the trusts and since his chief adviser and backer is Geo. W. Perkins, of the Harvester Trust, it is certain that his plan is the trust plan. Goodbye, Teddy!

LABOR'S VOTE TODAY.

The working man ought to vote the Democratic ticket, not only for what it promises to do for him, but because of the party's past record. Organized labor itself has named the Democratic party as the champion of labor, because that party has kept its pledges to labor in is demand for remedial legislation.

Which party can labor trust to do it justice? Extracts from the report of the executive council of the American Federation of Labor, shows:

1. That the Democratic party has kept its pledges to labor.

2. That the Republican party is antagonistic to labor.

3. That Roosevelt failed during his two terms as President to secure needed remedial legislation in the interest of labor.

The official news letter of the American Federation of Labor, for September 14th, 1912, published an official report of the executive council signed by each member under the seal of the organization, setting forth "Labor's 1912 Programme." It is signed by every member of the executive council, headed by Samuel Gompers, president of the Federation. Here is a portion of the executive council's report:

"The American Federation of Labor, at its convention last November, unanimously adopted the following instructions to the Executive Council of the A. F. of L.:

"'The Executive Council is hereby further authorized and directed to take such further action as its judgment may warrant to secure the enactment of such legislation at the forthcoming session of Congress as shall secure the legal status of the organized movement of the wage-workers for freedom from unjust discrimination in the exercise of their natural, normal, and constitutional rights through their voluntary associations.

"'And the Executive Council is further authorized and directed that, in the event of a failure on the part of Congress to enact the legislation which we herein seek at the hands of Congress and the President, to take such action as in its judgment the situation may warrant in the Presidential and Congressional elections of 1912.'

"The Executive Council of the A. F. of L., having these instructions under consideration, submitted to the National conventions of the Democratic and Republican party planks directly affecting the rights and interests of the working people of America. The propositions submitted to both party conventions were identical. We here re-publish the declaration of the Democratic, Republican and the Progressive party (the latter party having been instituted after the close of the two other party conventions), in so far as they directly affect or refer to the rights and interests of the working masses." (Here were inserted the platforms of the three parties.)

The Executive Council of the A. F. of L. further states:

"From a careful perusal of these declarations it will be observed that the National Convention of the Republican party totally ignored the questions affecting labor's demands for the principles of justice and human liberty. The declarations of the Democratic party upon these questions is a re-affirmation of its favorable platform planks of 1908, while that of the Progressive party is equally outspoken and favorable. The addresses of the Presidential nominees of these parties in connection with their candidacy and the activities of each in the past, as well as their respective parties, must also be borne in mind. The candidate of the Republican party, Mr. Taft, has accentuated his antagonism to the correction of the evil and abuse of the injunctive power and trial by jury in charges of indirect contempt. The candidates of the Democratic and of the Progressive party, Gov. Wilson and Mr. Roosevelt, have been outspoken in favor of these reforms.

"Candidates and parties are to be judged by their actions in preference to their declarations. Of the Republican party, as a party, so long as it has had entire control of the legislation and the administration, it was impossible to get from it any consideration, much less action, on any fundamental question affecting the rights, interests of and the justice done to the toilers of our country, as evidenced by the deaf ear turned towards the toilers by Congress when the bill of grievances and protest were presented to the President, Mr. Roosevelt, and the President pro-tem. of the Senate, Mr. Frye, and the Speaker of the House, Mr. Cannon."

The above speaks for itself. The Republican party completely went back on labor when Roosevelt was President, but now that he wants to get labor's vote his platform promises them great things. The Republican party under Taft's administration has turned a deaf ear to labor's demand, and the official report of the executive council is authority for it. The Democratic party has proven by its acts where it stands, and the executive council means to show its appreciation of acts (not promises) when it concluded its report with this recommendation to working men: "Stand faithfully by our friends. Oppose and defeat our enemies, whether they be candidates for President, for Congress or other offices, whether executive, legislative, or judicial. Men of labor, stand true."

SETTLE HAS FANNED OUT

The Hon. Tom Settle will not have the least showing for Governor of North Carolina and will never again be the nominee of any party for Governor. A vote for him today, with the expectation that it will accomplish a thing on earth for "local option," will be a vote thrown away. His candidacy, injecting that moral question into this campaign as a political issue, has tended to postpone that question indefinitely.

To drag such a social and civic problem into politics is the worst possible thing that could have been done for that point of view of the liquor problem. It is a civic problem and men of all parties may as well recognize that fact. It is one of those questions demanding a referendum to the sovereign people without regard to parties.

In spite of the fact that Mr. Settle can make a more or less entertaining noise on the hustings, his conception of that question as a political issue at this time, shows that he is about two feet deep as either statesman or sociologist. It shows in him a lack of breath and political acumen, so Mr. Settle's part in this campaign is that of an amateur trying to play a part in a tragedy. He has utterly failed to measure up to the broadness of a party leader and his appearance on the political stage while his party is rent by insurgency and is facing execution at the hands of the victims of tariff exploitation, is that of a player who does not know his part.

We confess to disappointment in Mr. Settle, but if "it is not in a man" nothing can be expected of him. This is a real crisis with his party, and yet in its extremity he fell back on "local option" which is neither here nor there in this campaign of momentous issues. He simply sidetracked on the big issues and lost an opportunity to defend the fundamental principles of his party from rank heresy within and terrific assault without. A big man would have seized the opportunity of a lifetime to make himself bigger.

Mr. Settle has failed to put up a proper defense for the principles of the Republican party, if he has any political convictions upon the fundamental cleavages between the parties. His first duty was to win back the allegiance of the majority of North Carolina Republicans who have deserted the Republican party for the so-called Progressive party, which in eight years will not be an effective force in American politics. It will be ground to pieces between the upper and nether millstones of the Democracy of Thomas Jefferson and the Republicanism of Abraham Lincoln.

The Republican candidate for Governor of North Carolina has made a ridiculous assault upon the Democratic party, while he has failed to take notice of the disorganized and destructive forces within his own party. He has played on the soft pedal and tender-footed around Bull Mooseism. He has simply failed to "measure up" as a Republican leader. He had a great opportunity but he has eliminated himself for lack of calibre. He has been a popgun in the midst of the artillery.

The Republican party of North Carolina may have a great leader but it is not the eloquent Mr. Tom Settle. He is neither a Virgil S. Lusk not a Jeter C. Pritchard, not to mention Charley Reynolds. He has been neither the attorney nor the advocate of Republicanism. He has prosecuted like a backwoods solicitor.

What Republican, Democrat, or local optionist can give the Hon. Thomas Settle any serious consideration? He has had his inning at the bat and struck out. He batted at "local option" and hit a fly to shortstop. He has been caught out, never to go to the bat again. His party wouldn't let him. In a campaign famous for its tremendous issues, he picked on "local option." Local option is a moral question—a civic problem. It is not in any sense a political issue. The voters of all parties would divide and prefer to divide upon that question outside their parties. It would divide Democracy. It would divide Republicanism. It would divide Progressiveism.

We bid farewell to Mr. Settle as a political leader in North Carolina. He has fanned out, without getting a chance at first base, either now or in the future. He is a clubman in politics. He is not a political leader.

DON'T WASTE A VOTE TODAY

Don't waste a vote today on a candidate that cannot be elected. Don't vote for Taft, because two parties are in the field to prevent his election. He stands pat on the protective tariff and he stands for present intolerable conditions. He cannot be elected and will not be.

Don't vote for Roosevelt because he has no showing for the Presidency. If he were elected President his hands would be tied by a Republican and Democratic Congress, if the Democrats would refuse to co-operate with him. If every Roosevelt nominee for Congress were elected, they could not control Congress, because not enough of them have been placed in nomination. The entire aim is to elect Roosevelt President or to beat Taft. What could Roosevelt do without a Congress to back him? Well-informed men know that he would only be a figurehead.

Wilson will have a Democratic Congress back of him and can accomplish things for the relief of the masses. He has said to the voters that he does not want to be elected President if they are not going to elect a Democratic Congress. If he is elected President, without a Democratic Congress, he knows his administration would be in vain. He said in one of his New Jersey speeches a few days ago: "If you cannot back me up do not put me up all by myself and then desert me. If you believe in me make it possible for me to do something."

Not so with Roosevelt. He wants a third term, and he does not care whether he is backed up at all. If it were possible for Roosevelt to be elected President, he would necessarily have to sit upon a lone pedestal in the White House, totally out of harmony with and not reasonably to be supported by a Congress which is sure to be either Democratic or Republican. A vote for Roosevelt for President will be a vote thrown away.

A vote for Settle or Meares, Republican and Progressive nominees for Governor of North Carolina, will be wasted. Neither can be elected and if either were chosen he would have a Democratic Legislature on his hands. No good could be accomplished and practical politics dictates the folly of wasting a vote in this election. Vote for Wilson, Marshall and Craig.

A prominent educator of Vienna and Munich inquires: "Does the world need a Hockschule der Heiratwissenschaftten?" We ssould state that he means a high school for the teaching of the science of marriage. We believe it would be a good idea, but Cupid would continue to ignore science and shoot his arrows without regard to innocent bystanders. Nevertheless, men ought to make a study of their duty to their wives and give them as good a time as everybody else is having.

CURRENT COMMENT

After a man once holds a public office he is hardly ever again willing to waste the time necessary for earning a living by working—Atlanta Journal.

It is said that the monument to Gen. Joseph E. Johnson, which was unveiled at Dalton last week was the first shaft to be erected to him. This was tardy recognition of one of the bravest and greatest leaders of the Southern Confederacy. — Savannah News.

So far as the system of legalized robbery known as the protective tariff is concerned, there is no difference between Taft and Roosevelt. A vote for either is a vote to perpetuate a scheme of taxation which discriminates against the many in the interest of the few.—Norfolk Virginian Pilot.

Major Stedman spoke at Salisbury last night to an immense crowd and tomorrow night he speaks at Graham, which winds up his campaign. He has been on a tour for weeks and has spoken in every county in the district one or more times, quite an undertaking, yet he is in better health than when he started. He thrives on the work and the people fatten on his utterances.—Greensboro News.

Campaign baiters cry out that Roosevelt wants to carry Pennsylvania as a rebuke to Penrose! What fudge! Roosevelt's success in this State would mean a blow at the party which honored him—his political benefactor—and a blow as well at our worthy President, Mr. Taft. In no way would the rebuke fall upon Senator Penrose who will not be a candidate for re-election until 1915.—Chester (Pa.) Republican.

That the Progressive candidate for Governor of Washington State was formerly a prize fighter is not denied, nor would that fact in itself make particularly to his discredit. But now comes his wife charging that he is a gambler, a hard drinker, an unfaithful husband, and that he tricked her into going to San Francisco in order to get a pretext for suing her for divorce on the ground of desertion. It does seem anomalous that such a character should be a high officer in the army battling for the Lord at Armageddon, but there are others.—Norfolk Virginian Pilot.

DEATHS IN SANFORD.

Mr. George Washington Gilmore and Mr. W. A. Lowe.

(Special Star Correspondence.)

Sanford, N. C., Nov. 4.—Mr. George Washington Gilmore was found dead in bed this morning about 7 o'clock. Mr. Gilmore was 70 years of age and had been in his usual health. He remarked only yesterday that he was feeling unusually well. He is a native of this section and has lived here all of his life. He is survived by two sons, Messrs. Ed Gilmore of Alabama, and Milton Gilmore, of Sanford, and three daughters, Mrs. E. F. Chisholm, of Hamlet, and Mrs. Jno. D. Gunter, Jr., and Miss Della Gilmore, of Sanford. Funeral arrangements have not yet been made but it is said that he will be buried some time tomorrow afternoon at Cool Springs church.

Early Sunday morning at his home on Oakwood avenue, Mr. W. A. Lowe passed away. He had been in feeble health for many months and his death was not unexpected. Had he lived until the 9th of December this year he would have been 80 years old. Mr. Lowe moved here from Maxton several years ago and was a large property owner in this section. He was a devout member of the Methodist church and took a leading part in the church. Mr. Lowe was a member of the Maxton Masonic Lodge and will be buried with Masonic honors by the Sanford Lodge.

The funeral took place this morning, conducted by Rev. Euclid McWhorter, of Morehead, an intimate friend of the deceased. The interment was at Buffalo cemetery.

A CARD.

Wilmington, N. C., Nov. 4.

Editor Morning Star:

Dear Sir:—Kindly correct mistake in your paper from yesterday, Nov. 3rd, in which you said that some fights had been going on in my place of business. This is not so. During my absence a drunken negro came in and ordered a meal. After finishing his meal he walked out without paying for same. My son caught hold of him and demanded only what was right, the pay for what he received. This created a crowd on the street. Upon advice he took out a warrant for the negro. I would like to state that there have been no fights, neither a pistol shot in my place. I am keeping a nice, clean and orderly place both for white and colored, downstairs for colored and upstairs for white. I am with my family occupying the upstairs. Kindly correct mistake in your next issue and oblige.

Yours truly,

JOHN ANDERS.

The governor of Inhambane, Portuguese East Africa, issued an order recently that all the women under his jurisdiction should wear skirts, but so strongly did they revolt that he was soon obliged to withdraw the order.

NEARS END OF FISCAL YEAR

County Commissioners Held Last Regular Meeting, as Board Is Now Constituted, Yesterday —Change In December

The last regular monthly meeting of the Board of County Commissioners, as at present constituted, was held yesterday afternoon. Among the matters acted upon were the adoption of a resolution concurring with the bar of the county in a request for a special term of Superior Court for the trial of civil causes only to begin January 6th and continue for two weeks; adoption of a resolution officially closing the small portion of a road at Summer Rest that has been so much discussed in the past few years; made a number of minor changes in valuation of taxables on account of errors and excused several persons from payment of poll tax on account of physical disability.

The board took a recess until Thursday when probably a number of other matters will be considered. The personnel of the board will be changed with the December meeting. Chairman Duncan McEachern, Commissioners Divine and Vollers will retire and they will be succeeded by Messrs. W. E. Yopp, M. S. Willard and W. A. McGirt. Commissioners Kerr and Metes, of the present board, will be members of the incoming board.

Mr. E. H. Freeman and several others owning property on the old Meares road, which formerly was the principal road to the sound, appeared before the board to inquire what action had been taken on a petition presented some time ago asking that the thoroughfare be re-opened. He said that the road serves as a boundary line of property on the north and south sides. He also pointed out that the road furnishes the only outlet for a large number of people living on either side of it. Recently there has been considerable development in the particular section in question, he said, and he thought the road should be re-opened. Attention was called to the fact that the road is not now open to traffic, being blocked at several points by trees which have fallen over it. Chairman McEachern informed the delegation that the road was discontinued as a county road many years ago, but that it is still a public road, and stated that as it is no longer a county road the Commissioners have nothing to do with opening it. He suggested that the delegation could obtain the relief desired through the courts.

Mr. Thos. E. Davis, as guardian, was relieved of payment of taxes on $2,000 bonds, which had been put on the books by the list taxer through error. Through error property of Mr. S. W. Amans in block 361 had been listed twice, once for $1,600 and once for $1,650. The former assessment was abated. Poll tax against Jas. H. Averett, colored, was abated, as he was over age last year. Valuation of property of Mr. I. Shrier, at Wrightsville Beach, was charged from $1,650 to $650, on account of an error in division of the property. W. T. Jackson and C. F. George, of Wilmington, and G. R. Rogers, of Delgado, were relieved of payment of poll tax on account of physical disability. Mrs. Robert Rivenbark was placed on outdoor poor list temporarily, to receive a month, beginning November 1st, and the county superintendent of health is to make an investigation to ascertain whether a permanent appropriation should be made in her case. Valuation of property of Mr. John H. Kuck in block 577, was reduced from $400 to $200, being placed on the tax book at the former amount through error, and valuation of property of Mr. John H. Atkinson, in Harnett township, was changed from $1,000 to $300.

Maj. W. N. Harriss, Clerk of Superior Court, reported that since his last report he had collected and paid over to the county treasurer $39.05. Register of Deeds John Haar reported that 42 marriage licenses were issued in October, 19 to whites and 23 to colored.

The board voted unanimously to increase the monthly appropriation to the Associated Charities from $125 to $200. Rev. Thos. P. Noe and Mr. S. M. Boatwright, as a committee from the organization, appeared before the board and asked that the increase be made. They pointed out that the appropriation of $125 a month was first made 19 years ago and since that time there has been a large increase in the population and a corresponding increase in demands upon the association.

Dr. W. D. MacMillan, county superintendent of health, reported that during the month of October there were reported 14 cases of diphtheria, eight of scarlet fever and 10 of typhoid fever. One hundred and thirty patients were treated in his office. A few chills and fevers occurred at the camp. Pete Evans, a colored convict, died at the James Walker Memorial Hospital, whither he was taken for treatment, during the month. Dr. MacMillan reported that the sanitary condition in the suburban districts are much improved and that the county institutions are all in their usual good sanitary condition.

Chairman McEachern read the following letter which he received a few days ago:

"Raleigh, N. C., Oct. 28, 1912.

"Mr. D. McEachern, chairman, Board of County Commissioners, Wilmington, N. C.

"Dear Sir: Referring to the matter of a special term of court for your county, the Governor instructs me to say that at first he received a recommendation from Judge Frank Carter that a special term of court be called for your county for December 16th, but he has since received a communication from Judge Carter stating that the request for the special term would be for some time during the month of January next. In deference to the judge's recommendation that the court be not called until January, and in view of the fact that a number of your citizens have requested that the court be not held at the time first suggested, the Governor will hold the matter in abeyance, unless your board at its next meeting should wire him regarding the holding of the court at an earlier date. In any event, please have your Board of Commissioners at its next meeting pass a resolution recommending what date the court should be called.

"Yours truly,
"ALEX. J. FIELD,
"Private Secretary"

Offered by Chairman McEachern, the following was adopted by the board:

"In accordance with the recommendation of the bar association, we respectfully request that a special term of court be ordered for New Hanover county beginning January 16th, 1913, and continuing for two weeks for the trial of civil cases only as we have a two-weeks' term beginning January 20th, for the trial of criminal cases."

Chairman McEachern read the following communication which he had received from the Willard Bag & Manufacturing Co.:

"Wilmington, N. C., Oct. 29, 1912.

"Dear Sir: You will recall that several years ago we permitted the Tidewater Power Co., without cost, to lay a cross-over track on our property to connect with the A. C. L. belt line at our factory. We did this in order to accommodate the county and assist them in building the Federal Point road.

"We note, however, that this track is being used very largely to switch cars for the use of private individuals and corporations. We understand that both the county and the Tidewater Power Co. are being re-imbursed for this service. Under the circumstances, therefore, we thing we should receive a reasonable return for the use of our property, say $1 per car switched.

"Please advise us promptly if this meets your approval and in the meantime we will keep a record of such cars passing from date with a view of making such charge.

"Your truly,
"E. PAYSON WILLARD,
Secretary."

Chairman McEachern said that he had replied to the communication to the effect that it was a matter for the Willard Bag & Manufacturing Co., and the Tidewater Power Co., to settle, that the county had not sought nor secured the privilege to lay the cross-over track.

Maj. W. N. Harriss, Clerk of Superior Court, said that there was a 14-year-old negro boy, John Southerland, in jail with instructions from the court that he apprentice him out until he is 21 years old. He said that the boy has such a bad reputation that he has been unable to find anyone willing to take him and suggested that the lad be apprenticed to Mr. Blake, superintendent of the county home. The suggestion was favorably received and the lad will probably be taken to the county home today.

A resolution reading as follows was unanimously adopted:

"In accordance with a resolution of December 4th, 1911, the public road at Summer Rest extending from the southern line of a tract of land sold by Sarah McLaurin to W. A. Dick in a northernly direction to the ditch known as Larkins' ditch, be and the same is hereby discontinued, due notice having been given at the Court House door for 20 days."

The chairman was authorized to receive bids for furnishing the county ice, coal, wood, medicine, coffins, feeding the convicts, and applications for superintendent of county home, standard keeper, care of the clock, etc. The awards are to be made by the incoming board.

A letter was read from the Corporation Commission correcting the valuation of taxables of the Seaboard Air Line in this county, a correction being necessary on account of an error of the railroad in giving in the number of miles of track in this county. The valuation as corrected is $95,224.

REAL ESTATE & INVESTMENT

Mr. Herbert Maass Opens Office Uptown at No. 709 Princess Street

Attention need hardly be called to the page advertisement in the Sunday Star carrying the announcement of Mr. Herbert Maass, who has located in Wilmington and opened a real estate and investment business at No. 709 Princess street, where he would be glad for the public to call and make any inquiries needful. Mr. Maass has builded his business in real estate and investment along unique and progressive lines and a reading of his announcement in the Sunday paper will prove of interest to all holders of real estate or persons seeking investment. Mr. Haas has great faith in Wilmington, and says:

"Wilmington, in my opinion, has a great future. The future is favorable, and therefore, I have come to make my home and build up a business here."

ELECTION IN NEW HANOVER

Polls Open at Sunrise, Close at Sunset—Senatorial Primary of Absorbing Interesst—The Australian Ballot.

For the general election as well as the Senatorial primary in this State, the polls will open in New Hanover this morning at sunrise, 6:36 A. M. and will close at sunset, 5:16 P. M. The indications are for fair weather and a bracing temperature, all conducive to a very large vote.

It is especially desired by the leaders of the Democratic party locally that every voter exercise his franchise, piling up the largest vote possible, not only for the general good of the cause, but because New Hanover's representation in all the State and district conventions will be based upon the measure of support it gives to the candidate for Governor as head of the ticket. While the interest, of course, is great in the general election, the greatest interest perhaps is in the Senatorial primary, which will be held simultaneously, but at a separate and distinct polling place. The New Hanover Democratic Executive Committee has, however, arranged for the Senatorial polling places as close as possible in each instance to the polling place for the general election and it will be no trouble whatever for the voter to cast his vote for Senator.

The election in New Hanover will be under the Australian ballot system and every voter is cautioned to cast his ballot with all possible dispatch, in order that all voters may have an opportunity. Specimen ballots may be found at the polls so that voters may fully inform themselves as to the marking of the ballot before going into the booth. The ballots will be found to contain four columns of names with the designations, "Democratic," "Republican" and "Progressive" printed at the top of each in black type, the designation being preceded by a round black ring. The fourth column is left blank so that a voter may write in blank spaces any names which do not appear on the ballot and of persons for whom he desires to vote. If the voter desires to vote a straight Democratic ticket from President to township constable, all that is necessary is to make a cross mark in the circle, immediately preceding the party designation. For instance, if the voter desires to vote the full Democratic ticket, all that is necessary is to place a cross mark in the ring to the left of the word "Democratic." However, if the full ticket is not voted, the voter will then proceed down the list of names under the party designation, making a cross mark in the square to the left of each name of a person for whom he desires to vote. This, however, is only necessary if the voter does not want to vote the straight ticket. Any mark or erasure made on the ballot except as designated, will vitiate the ballot, so due care should be exercised in this particular. Voters are cautioned to use only the pens, ink and indelible pencils provided in the booths.

The various precincts and polling places are as follows:

First Ward, First Precinct—Genaust's store, opposite Rehder's department store; Second Precinct, Engine House, corner Fourth and Campbell streets.

Second Ward—County Court House.

Third Ward—Giblem Lodge, corner Eighth and Princess streets.

Fourth Ward—Oldham's Store, on Dock, between Front and Second streets.

Fifth Ward, First Precinct—Kennedy's Market, Fifth and Castle streets; Second Precinct, Engine House, corner Fifth and Castle streets.

Delgado—Delgado Barber Shop.

Seagate—Rogers' Store.

Seven-Mile Post—Harnett township house.

Masonboro Township—Stokeley's Store, at Whiskey Creek bridge.

Carolina Beach—Kure's Store.

Cape Fear Township—Ritter's blacksmith shop, on Castle Hayne road.

For the Senatorial primary there will be an entirely different set of pollholders, but as stated, the polling place will be in close proximity and no voter can make a mistake. The Australian ballot will not apply to this primary, the voter merely voting a plain ticket carrying the name of the candidate for whom he desires to vote: Senator F. M. Simmons, the present incumbent; Governor W. W. Kitchin, or Judge Walter Clark. The voter must first vote in the general election before applying to vote in the Senatorial contest and only Democrats will be permitted to vote in this primary. The State Committee, however, in its discretion has allowed some latitude in the voting of a straight ticket as will be seen by the following resolution adopetd at a recent meeting in Raleigh:

"Resolved, That in the opinion of the committee, the words 'Democratic Ticket', as used in the 4th and 10th rules governing the Senatorial primary adopted by the State convention, shall be construed to permit any elector who shall have voted for nominees of the Democratic party only, and who shall not have voted for any candidate on any ticket in opposition to the Democratic ticket, to vote in said primary."

Returns will be made as soon after the polls close as possible to the County Election Board from the general election and to Chairman George Harriss, of the Democratic County Executive Committee, at his office on Princess street, from the Senatorial primary. The result of the Senatorial race in the several counties should be known not later than 10 o'clock as the ballot will be aesy to count and one separate set of pollholders will devote their time exclusively to counting and returning this box.

Flagged Train With Shirt.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at R. R. Bellamy.

WON FROM GREENSBORO ALSO

Wilmington High School Football Team Has Not Been Scored Against This Season—Defeat Gate City Boys

With two more games to its credit in its effort to secure the High School football championship of the State, the Wilmington High School team will return to the city this morning from Greensboro, where yesterday afternoon the locals defeated the Greensboro High School team by a score of 6 to 0. The boys went to the Gate City from Fayetteville, where on Saturday afternoon they defeated Donaldson Military Academy by the overwhelming score of 34 to 0.

By winning yesterday's contest the local boys won the distinction of playing in four games without having a single score registered against them. They defeated the Rocky Mount Y. M. C. A., Washington High School, Donaldson Military Academy and Greensboro High School in the order named. The boys play fine ball and the next game at League Park will doubtless be witnessed by the largest crowd that has ever seen an amateur football game in Wilmington.

A telegram from Greensboro last night stated that the members of the team were in good shape and would return to Wilmington today. The local players and the positions usually played by them, are: Burnett, C., captain, tackle; Herring, R., tackle; Hashagen, W., Williams, halfback; Hall, quarter; Merriman, center; Monroe, W., Silverman, N., end; Hicks, Gray, Jeffcoat, Johnson, rightguard; Burnett, R., Thames, John; Grant, Murray, fullbacks. Charlie Jacobs and Norman Shepherd and Tom Strange, manager, and Prof. H. S. Shaw, principal of the High School and coach, accompanied the team.

The boys certainly gave a good account of themselves in the two contests played on the present trip, representing the city and school with credit. The team is composed of a gentlemanly lot of boys who are required to live up to a well-defined standard of training and make a good record for scholarship.

More interest than usual has been taken this year by people generally of the city in the High School football games and the results of the two last contests were anxiously awaited by a large number, The Star being besieged both Saturday night and last night with numerous telephone requests for the score.

The following brief account of the game at Fayetteville Saturday is furnished The Star:

"The Donaldson aggregation started in with a rush and continued their rushing until they had the ball on the High School's five-yard line. The High School boys at this point showed true championship ability and held the Cadets for downs. Donaldson lost her vim, courage and chance to score with the loss of the ball and never again was Wilmington's goal in danger. In the last three quarters Wilmington gained at will, also executing some beautiful forward passes. The game was featured by Hashagen's magnificent run of forty yards, through a broken field, for a touchdown; the generalship of Quarterback Hall; and Merriman's steady work at center.

"The Cadets outweighed the Wilmington boys about ten pounds per man.

"The local High School team has not been scored on up until the present time, and have made a grand total of 86 points against their opponents. They have an excellent opportunity of gaining the High School championship of the State, and it is to be regretted that they have not a vacant space on their schedule so that their ability could not be measured by some first-class prep. school of the State."

The Greensboro Game

Greensboro, N. C., Nov. 4.—A brilliant 30-yard run by Hashagen, left halfback for the Wilmington High School football team, resulted in a single touchdown and victory for the boys from the sea, over the eleven of the Greensboro High School, in a well-played and spectacular game here this afternoon. The Wilmingtonians tore around the end in the early part of the second period and a clean goal ran the score up to 6 and 0, where it remained throughout the remainder of play. Both teams put up a plucky fight, the heavy Wilmington line being in a measure offset by the effective punting of Bain and the able defensive work of Harry and Causey. R. Burnett, the Wilmington fullback, tore through the line for good gains repeatedly. Monroe put up a good game at right end for the visitors.

Alleged Deserters Arrested.

M. Nelson, J. Frederickson and J. Sidney, alleged to be deserters from the British steamer Remembrance, were arrested yesterday afternoon on the revenue cutter Seminole by Special Officers Davis and Reynolds on warrants from United States Commissioner George Harriss, charging them with desertion. The men are said to have deserted the British steamer some days ago and shipped on the revenue cutter, which received a call outside soon after they went aboard. When the cutter returned to port the men were arrested. The men were committed to jail to await a hearing before the commissioner tomorrow.

Conductor Allen Injured.

Conductor Ed. Allen, of the Tidewater Power Co., was run into and severely but not seriously injured in the vicinity of the market house yesterday afternoon about 5 o'clock by a negro bicyclist. His knee was dislocated and he was otherwise bruised and injured. He was carried to the home of his mother, No. 421 South Fourth street, where he was attended by Dr. Wessell. The negro escaped.

HANDSOME WEDDING GIFTS RECEIVED BY BRIDE

The Asheville Citizen of some days ago, inconnection with an account of the wedding at Arlie-on-the-Sound of Miss Sadie Green Jones and Mr. John Russell Pope, contained the following of interest here:

"As is usual in marriages of prominent people, and in many of the international marriages the list of wedding gifts in itself constitutes a fortune. Miss Jones gifts include a string of twenty-nine matched pearls, valued at $30,000, a dozen gold dinner plates, jewels and silver to the amount of a hundred thousand dollars or more. Miss Jones' engagement ring is unique and is formed of one immense diamond which covers entirely the lower part of the finger and is set in platinum. The reception was brilliant and due to the elaborate decorations and the services of the famous restarateur, Mr. Louis Sherry, who came down from New York with a corps of assistants, equalled any of the gala functions in New York society. Mr. and Mrs. Pope departed on a special car for a bridal trip after which they will reside in New York, where they have leased an apartment for the present. The names of Mrs. Thomas Settle and Mrs. Tench Coxe, of Asheville, cousins of Miss Jones, were included in the list of invited guests, given out to the press, although they did not attend the ceremony."

It will be recalled that in the account of the wedding it was stated that the only jewel worn by the bride was a string of pearls, one of her wedding gifts. The 29 pearls completed a string valued at $150,000. It is reported that Mr. Henry Walters, a close friend of the Jones family, who gave the bride the pearls, has been giving her a certain number of pearls each yetr since she was 15 years old, the string being completed with the presentation of the 29 as a wedding gift.

In a later issue of the Asheville Citizen the following paragraph of interest appeared:,

"Apropos of the wedding of Miss Sadie Jones and Mr. John Russell Pope which occurred in Wilmington, Thursday afternoon, the destination of the bride and groom has been given as Asheville, and it is strongly suspected that Mr. and Mrs. Pope if not at Buck Springs Lodge on Pisgah, are honeymooning somewhere in the vicinity. The fact that Mr. and Mrs. Vanderbilt and Mrs. Cornelius Vanderbilt are among the more intimate friends of Mr. and Mrs. Pembroke Jones and Mrs. Pope, lends color to the report. Mr. and Mrs. Pope are both experts with the rifle and the press reports state that they are on a big hunting preserve of a friend in this vicinity."

MR. JOHN M. MEYLAND PASSES

End Came Suddenly Sunday Evening at His Home on South Seventh Street—Funeral This Afternoon—In Oakdale.

Many friends and members of the family were shocked and saddened Sunday evening upon the announcement of the death of Mr. John M. Meyland, which occurred at 7:45 o'clock at his home, No. 106 South Seventh street. Mr. Meyland had not been in the best of health during the past few years, but members of the family and friends were totally unprepared for the shock that came with the announcement that he had passed from among them.

Sunday Mr. Meyland was not feeling as well as usual, but was out and early in the evening had attended to his horse in the rear of his residence. Returning, he had gone to his room on the second floor of the home to prepare for supper. While other members of the family were downstairs, they heard a cry from upstairs and rushed to Mr. Meyland's assistance, summoning a physician, but before he had arrived, death had ensued of aortic heart trouble with which Mr. Meyland had suffered for some years.

Mr. Meyland was born in Germany October 9th, 1849 and was, therefore, in the 65th years of his age. He came to Wilmington in 1879 and had been engaged in business here ever since. He was a man of firm convictions, yet genial and kindly and enjoyed a large acquaintance in Wilmington and in the State. He made many warm friends who will be grieved to learn of his death and will extend heartfelt sympathy to those so deeply bereaved.

On June 25th, 1884, Mr. Meyland married Miss Carrie L. M. Baker, of Wilmington, and she with six sons and daughters survive him, the children being Miss Annie Meyland, Mr. John W. Meyland, in the district offices of the Southern Express Co., in this city; Mr. August L. Meyland, in the office of the Register of Deeds of the county; Miss Carrie C. Meyland, LeRoy and Edward M. Meyland, the youngest being eight years of age.

Mr. Meyland was a member of St. Paul's Evangelical Lutheran church and of the Christian Association of St. Paul's. Until the charter was surrendered a short time ago, Mr. Meyland was one of the oldest members of Germania Lodge, Knights of Pythias, and was held in the highest esteem by members of that order. The funeral will be conducted at 3 o'clock this afternoon from the residence, No. 106 South Seventh street, thence to St. Paul's church and Oakdale cemetery, where the interment will be.

..Theatrical..

Today will be notable at the Grand Theatre on account of the big benefit that is to be given for the ladies who are creating a fund for the work at the James Walker Memorial Hospital, mention of which was made several days ago. A large number of tickets have been sold and the ladies ask that others purchase their tickets for today's performances so that the proceeds will be large.

By special request Mr. Leonard Chick will again sing that great high-class ballad, "Till the Sands of the Desert Grow Cold." This is Mr. Chick's masterpiece and he claims it as the most beautiful song written. In the moving pictures there will be two big features, an Essanay, "Bringing Father Around," a snappy novel hit with a corking good plot, and a Lubin of "An Irish Girl's Love." The latter is the story of Kathleen, the most beautiful maid in the fishing village and she is in love with Blan. Parental objection sets in, but how the youthful lovers win in the end is all told in the picture. The other "Bringing Father Around" is an equally good story of two youthful lovers, while there will be still a third of the comedy order. The pictures wil be put on with all realistic effects and the full orchestra will add still more to the effectiveness of the bill.

Election Day at Bijou.

To be away from the excitement of the election whirl and still be in touch with what is going on, and at the same time has a big, most delightful time, one is directed to visit the charming, handsome Bijou theatre today. There today will be offered one of the best of programmes and one that will well fit into the occasion, proving both merry and stirring. Yesterday's business was of the phenomenal type, and today's will, no doubt, be its equal. The price of admission still stays at the 5 cent mark, and will forever.

"At the Masquerade Ball," one of the most fascinating of all films will be on today. It tells of how a young girl finding an invitation to a ball, longs to go and does go, and what happens. The scene at the ball is indeed a jolly one, and decidedly festive. It is a great novelty.

"Poet and Peasant" is a heart-gripper, with the scenes laid in Normandy. One of the star characters is a cripple, with a true and pure love for the daughter of a farmer. This is an exceptional strong character and his scene with the man who has deserted the girl is a swell piece of acting and makes a powerful climax.

The leading fun film for today is "Alkali Ike's Bride" and it is a rouser for the very best and most wholesome of mirth. Today's bill should not be missed. It is a hummer in every way, and one of the cleverest ever presented by a "movey."

Odd Fellows Give Smoker.

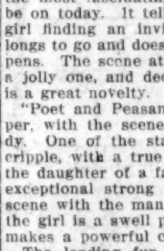
The regular meeting last night of Campbell Encampment, No. 1, I. O. O. F., was largely attended and of more than ordinary interest as several candidates were given the Patriarch degree, following which a delightfully enjoyable smoker was held. A number of short talks were made at the smoker. The Encampment is in a flourishing condition and new members are being added almost every meeting night. Two new clubs were formed last night to go out and secure new members.

In Their New Store

The well-known clothing firm of the Fleet-Davis Company, for many years doing business on the southwest corner of Front and Princess streets, is now comfortably located in its new quarters on Front street, next north from the Bijou Theatre. The building is three stories and is of brick with stone trimming. It was built especially for the Fleet-Davis Company and in every way meets the requirements of this large and rapidly-growing clothing and gents' furnishing house.

YOUNG WIFE SAVED FROM HOSPITAL

Tells How Sick She Was And What Saved Her From An Operation.



Upper Sandusky, Ohio.—"Three years ago I was married and went to housekeeping. I was not feeling well and could hardly drag myself along. I had such tired feelings, my back ached, my sides ached, I had bladder trouble awfully bad, and I could not eat or sleep. I had headaches, too, and became almost a nervous wreck. My doctor told me to go to a hospital. I did not like that idea very well, so, when I saw your advertisement in a paper, I wrote to you for advice, and have done as you told me. I have taken Lydia E. Pinkham's Vegetable Compound and Liver Pills, and now I have my health.

"If sick and ailing women would only know enough to take your medicine, they would get relief."—Mrs. BENJ. H. STANSBERY, Route 6, Box 18, Upper Sandusky, Ohio.

If you have mysterious pains, irregularity, backache, extreme nervousness, inflammation, ulceration or displacement, don't wait too long, but try Lydia E. Pinkham's Vegetable Compound now.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy and should give every one confidence.

Big Hospital Benefit.

"Bringing Father Around", a snappy, novel hit with a corking good plot. At the Grand Theatre today.

COTTON ACTIVITY RENEWED

Big Advance in Liverpool and Reports of Killing Frost in the South Helped Prices to Reach New High Records.

New York, Nov. 4.—There was renewed activity and still greater excitement than that of last week in the cotton market today, owing to a big advance in Liverpool since the close of last Friday, reports of killing frosts in the South and claims of a continued firm spot situation. Prices made new high records for the movement and in spite of heavy realizing the market closed firm, at a net gain of from 20 to 27 points.

The opening was steady, at an advance of 11@19 points on the Big Liverpool gain and the frost news. Profit taking by longs was extremely heavy, at the opening prices, and the market eased off about 10 points during the first 10 minutes. There was active buying by the big trade interests and prices firmed up, with January contracts selling at 11.63, and March at 11.80 late in the forenoon, or about 23 to 25 points net higher. The disposition to take profits at this level was no doubt stimulated by the fact that tomorrow will be a holiday in the American markets, while Liverpool will remain open as usual and there were renewed reactions of 8 to 9 points from the best. Offerings continued to be very well absorbed on this setback, with spot houses remaining large buyers and reports of very strong spot situation, led to covering by some early sellers for a turn, and another spurt of outside buying in the day, which sent July and more remote deliveries into new high ground for the movement. The close was within 2 or 3 points of the best. The weather news seemed to promote quite a general reduction of crop estimates.

Spot closed steady. Middling uplands, 11.90; middling gulf, 12.15. Sales, 3,400 bales.

Cotton futures closed firm.

STOCK MARKET VERY DULL

Extreme Irregularity Marked the Course of Operations on the Stock Exchange—Few Issues Were Strong.

New York, Nov. 4.—Extreme dullness and irregularity marked the course of operations on the stock exchange today. For the greater part of the session trading was almost at a standstill. Some stocks—notably St. Paul and the Hill issues—were moderately strong at the outset, while most other leaders, railways and industrials, were heavy, not absolutely weak.

Corn specialties, and such as American Beet Sugar and American Woolen, whose affairs are largely dependent upon the tariff, recorded special losses, which were partly regained before the close.

American Can and the Tobacco group, as well as some of the minor stocks, reflected varying effects. In the final hour, when call money, which had opened at 7 per cent, fell to 5, and later 3½, the entire list moved forward, until most losses were more than recorded.

Lehigh Valley, St. Paul, Union Pacific and Steel led the rise, Amalgamated, which had been among the heaviest of the leaders, also recovered. There was some shading toward the close, but the undertone was firm.

While call money eased appreciably, time loans hardened, 6 per cent. being held for the longer maturities.

The bond market was narrow and irregular. Total sales, par value, aggregated $2,100,000. United States 2s declined ¼ per cent. on call. Total sales today, 315,100 shares.

BURDENS LIFTED

From Wilmington Backs—Relief Proved by Lapse of Time

Backache is a heavy burden;
Nervousness wears one out;
Rheumatic pain; urinary ills;
All are kidney burdens—
Daily effects of kidney weakness.
No use to cure the symptoms.
Relief is but temporary if the cause remains.
Cure the kidneys and you cure the cause.
Relief comes quickly—comes to stay.
Doan's Kidney Pills cure kidney ills;
Prove it by your neighbor's case.
Here's Wilmington testimony.
The story of a permanent cure.

Miss Mattie Hodges, 609 S. Fifth street, Wilmington, N. C., says: "I can recommend Doan's Kidney Pills just as strongly today as I did two years ago when I publicly told of my experience with them. Doan's Kidney Pills were procured from Bellamy's drug store and they gave me more relief from kidney trouble than any other medicine I had ever taken. I have since been well and my kidneys and back have not troubled me."

THE FINANCIAL MARKET.

New York, Nov. 4.—Money on call, strong, at 3@7 per cent. Ruling rate, 7; closing bid, 3; offered at 3. Time loans, strong. Sixty and ninety days, 6 per cent.; six months, 5½@5⅝.

Prime mercantile paper, 6 per cent. Sterling exchange, steady, with actual business in bankers' bills at 4.8175 for sixty-day bills, and at 4.8580 for demand. Commercial bills, 4.81. Bar silver, 62¾. Mexican dollars, 48⅝.

Governor Wilson and the Democratic party generally, offer the only concrete programme for the practical solution of the two great concrete problems of the hour—the tariff and the trusts. The Taft Republicans are 'standing pat.' The Third Term party trifles with the tariff and offers a solution for the trusts which the heads of the greatest of all trusts suggested before ever the third term party was thought of.

HISTORY-MAKING CAMPAIGN CLOSES

(Continued from Page One.)

votes. In addition Mulvane lists a total of 84 electoral votes as doubtful.

Medill McCormick asserted that a Progressive landslide had started and that Col. Roosevelt would be elected by an overwhelming plurality. Chairman Jones, of the Prohibition party, said the Prohibition party had received a thousand recruits from the "silent" vote.

The Socialists expected to double the Socialist poll of four years ago and several of the party leaders insisted the Socialist vote would be tripled.

Close Race in Illinois.

Chicago, Nov. 4.—Betting odds tonight favor the Democratic National ticket and the Republican State ticket to carry Illinois, with the Progressive National ticket a close second to the Democratic National ticket.

Roy O. West, Republican State chairman, declared President Taft and Governor Deneen would carry the State by 125,000.

Arthur W. Charles, Democratic State chairman, announced that Wilson and Edward F. Dunne, Democratic candidate for Governor, would win by a tremendous majority. He also said Democrats would elect 18 of the 25 Congressmen and two Congressmen-at-large to be elected.

Chauncey Dewey, Progressive State chairman, predicted a plurality of 150,000 for Roosevelt and Frank H. Funk, Progressive candidate for Governor.

Indications tonight pointed to a heavy Socialist vote in Chicago and several other cities.

Great Activity in New York.

New York, Nov. 4.—Activity among detective forces and political headquarters today, to prevent fraud and disbar illegal voters from the polls tomorrow, lent excitement to the concluding day of the campaign in New York City. The city and State were the theatre for a lively end to the three-cornered Gubernatorial fight today, the three candidates and their respective speaking staffs touring the city and outlying counties for dozens of meetings.

The Democratic State headquarters and Tammany Hall confidently claimed victory tonight for Representative William Sulzer, Democratic candidate for Governor. William Barnes, Jr., chairman of the Republican State Committee, declared the Republican ticket, headed by Job E. Hedges, would win by 40,000 majority; and the Progressive leaders declared there would be a landslide in the State for Roosevelt and the Progressive State ticket led by Oscar S. Straus.

Earliest returns are expected from Buffalo and Erie county and other up-State sections, where voting machines are used, and the trend of these reports is expected to give an indication of the results in the State. The Progressive National headquarters issued a statement today notifying voters that police could be called upon by any citizen to enforce the laws at the polling places.

J. D. Britt, president of the board of [illegible]ons, addressed a letter today to District Attorney Whitman, calling upon him to take legal action against William J. Burns, the detective commissioned by Col. Roosevelt to ferret out election frauds; for the publication of an advertisement alleged to be "false and misleading." The advertisement offered $500 reward for information leading to the conviction of persons who attempted to vote illegally.

A list of places from which illegal registrations were suspected was given, and it was stated that six months residence in the county was necessary. The board of election cites that the law requires but four months residence; hence the charge that the advertisement is "false and misleading."

At Burns' office it was said if any misstatement had been made it had been made unwittingly.

Final Effort in Nebraska.

Omaha, Neb., Nov. 4.—William J. Bryan carried the Democratic campaign almost up to the dawn of election day, not concluding his last speech made in Lincoln, tonight until a late hour. Other Democratic leaders confined their labors today to a last effort to get out their party vote and arrange for gathering the returns tomorrow.

Progressives were less zealous, putting in a hard day in various cities of the State distributing literature and Progressive party emblems.

The regular Republican managers continued to express optimistic opinions.

Light Vote in Alabama.

Montgomery, Ala., Nov. 4.—It is hardly probable that 75 per cent. of the vote of the State will be polled in tomorrow's election. Indications are that the State will go Democratic by a large majority. Democrats will elect Congressmen from all districts and the Democratic State ticket will be elected.

Senatorial Contest in N. C.

Raleigh, N. C., Nov. 4.—The three-cornered contest for United States Senator from North Carolina is expected to bring out an unusually heavy vote in the general election tomorrow. Indications are that the weather will be fair and warmer.

Georgia Conceded to Wilson.

Atlanta, Ga., Nov. 4.—Campaign managers of the Progressive, Republican and Democratic parties in this State completed their plans tonight for bringing out a full vote tomorrow. Georgia is conceded to Wilson.

Capital is Deserted.

Washington, Nov. 4.—Temporarily a rank outsider in the field of politics, the National Capital tonight is awaiting the election with quiet interest. From the President down, practically everybody with a voting residence has gone home to be at the polls tomorrow. Only a few high government officials are left in the city and thousands of minor officials and employes were missing from their offices today.

Secretary of the Interior Fisher, who has no vote this year, because it was too late to register when he returned from his long trip to Hawaii, is the only cabinet officer here. He will be the acting President tomorrow.

Real Washingtonians have no votes. However, there are many who call the capital home and therfore are without the right to cast a ballot, who are as vitally interested in the outcome of tomorrow's contest as any one who will go to the polls. Hundreds of them, with their positions at stake, have a very direct personal interest.

Light Vote in Virginia.

Richmond, Va., Nov. 4.—A light vote is expected in the Presidential election tomorrow in this State, with the Democrats polling their customary majority. Fair weather is predicted.

In Arkansas.

Little Rock, Ark., Nov. 4.—The Arkansas Democratic Committee concluded its labors today. Its chairman announces that the full Democratic majorities will be rolled up at tomorrow's election. The Progressive vote probably will be light.

Very Close in Oklahoma.

Oklahoma City, Okla., Nov. 4.—Final instructions were given to voters by party leaders today. Much interest is manifested in the result of tomorrow's election in Oklahoma and it is generally conceded that the vote will be close. Roosevelt followers have been urged to vote for the straight Republican electors, the Progressives having no candidates on the ticket. It is claimed that the Progressives have a majority of the Republican electors.

Democrats believe that Wilson will carry the State by a fair majority.

Apathy in Mississippi.

Jackson, Miss., Nov. 4.—General apathy prevails over tomorrow's election. It is conceded that Wilson will carry the State and that all Democratic candidates for Congress will be elected.

Usual Majority in Texas.

Austin, Texas, Nov. 4.—A light vote is expected in tomorrow's election. The campaign has been without incident. The Democrats claim the usual majorities will be returned.

T. R. Claims 20,000 in Louisiana.

New Orleans, Nov. 4.—John M. Parker, Progressive leader of Louisiana, tonight claimed that Roosevelt would poll 20,000 votes in Louisiana. Taft leaders gave out no predictions. Wilson will carry the State.

Two Parties Claim Tennessee.

Nashville, Tenn., Nov. 4.—The Gubernatorial campaign in Tennessee closed tonight with Governor Hooper, Republican nominee, speaking at his home town of Newport and ex-Governor Benton McMillan, Democratic nominee, speaking here at the Ryman Auditorium. The campaign managers for the two candidates claim victory by 20,000 majorities. The Presidential campaign has not been actively waged. J. D.Morton, Democratic chairman, claims the State for Wilson and Marshall by 40,000. T. G. Taylor, Progressive chairman, claims a part for Roosevelt, basing his hopes upon the split in the Democratic party in the State.

Hot "Round Up" in Idaho.

Boise, Idaho, Nov. 4.—There was a "round up" of voters in almost every county in Idaho today. The most vigorous efforts in the closing hours were directed towards winning the Legislature, which will elect two United States Senators

Big Vote in Indiana.

Indianapolis, Nov. 4.—Preparations for the election in Indiana have been completed, and according to the party managers here, provided the weather is at all propitious, the largest vote ever cast in the State will be polled.

Governor Thomas R. Marshall, Democratic Vice Presidential candidate, will receive the returns in the State capital. The campaign virtually was closed last Saturday night when the Governor made his last speech.

Bull Moose in Minnesota.

St. Paul, Minn., Nov. 4.—H. T. Halbert, chairman of the Progressive committee, claimed Col. Roosevelt would get a plurality in Minnesota of 40,000. Martin O'Brien, chairman of the Democratic Central Committee, says Wilson's plurality will be above 25,000. Taft managers have issued no authoritative statement. Re-election of Governor Eberhard and the State Republican ticket is generally expected.

Three Claiming Missouri.

St. Louis, Nov. 4.—D. C. McClung, chairman of the Democratic State Committee, declared on the eve of the election that the Democratic party would win by a plurality ranging from 100,000 to 150,000 and that 15 of the 16 Missouri Congressmen to be chosen would be Democratic.

F. B. Beazell, chairman of the speakers bureau of the Progressive State committee, in a detailed prediction, gave Roosevelt 312,389; Wilson 290,588 ,and Taft 92,250; scattering 20,000.

Politte Elvins, Republican State chairman, said: "Our reports show that the Republican ticket will receive a greater part of the silent vote and if it is correct, we will carry Missouri by a handsome plurality.

South Dakota Puzzling.

Sioux Falls, S. D., Nov. 4.—On the eve of the election in South Dakota, the Wilson and Roosevelt managers claimed their party was sure to carry the State tomorrow. The fact that there are no Taft electors on the ticket adds complications to the puzzling situation.

Idaho.

Boise, Idaho, Nov. 4.—This State is claimed by all three parties on State and National tickets, although the Progressives admit the action of the Supreme Court in barring Roosevelt electors from the ballot will injure their cause.

West Virginia.

Wheeling, W. Va., Nov. 4.—The night before election finds Democrats, Republicans and Progressives confident of success on the National ticket. The drys and wets carried their battle almost to the hour of the opening of the polls.

Pennsylvania.

Philadelphia, Nov. 4.—Fine weather is promised by the weather bureau for the election tomorrow. The campaign continued up until the last moment. Democrats, Progressives and Republicans holding noonday and evening meetings in many sections. All three parties tonight reiterated their claims to victory. Elaborate preparations are being made to prevent fraud at the polls.

Iowa.

Des Moines, Ia., Nov. 4.—While the Iowa Presidential campaign closed Saturday night, political meetings were held tonight in various parts of the State on behalf of Presidential, Congressional and State candidates.

New Mexico.

Albuquerque, N. M., 4.—On the eve of New Mexico's first Presidential election, indications are for a lighter vote than was recorded in the State election. Betting tonight favors Wilson and H. B. Fergus, Democratic nominee for Congress, two to one.

North Dakota.

Grand Forks, N. D., Nov. 4.—Politicians generally believe the North Dakota vote for President will be close.

Arizona.

Phoenix, Ariz., Nov. 4.—Eleventh hour opposition to woman suffrage has developed in Arizona, according to present leaders. This holds the center of interest in tomorrow's election.

Washington.

Seattle, Wash., Nov. 4.—Even money was offered tonight on Roosevelt and Ernest Lister, Democratic candidate for Governor, carrying the S. against the field.

Wyoming.

Chevenne, Wyo., Nov. 4.—Business here is practically suspended tonight and groups throng the streets discussing possible results of tomorrow's election. Republicans and Democrats both held well attended meetings tonight.

California.

San Francisco, Nov. 4.—California for Roosevelt and Johnson by 35,000; for Wilson and Marshall by 20,000, were the predictions of the rival campaign managers on the eve of election. The result rests with the women voters.

Maine.

Portland, Me., Nov. 4.—The close of the Presidential campaign in this State tonight was marked by a dozen or more Progressive rallies and a few gatherings in the interests of the Republicans and Democrats. The vote tomorrow is expected to be the largest ever known in a Presidential election in this State.

Colorado.

Denver, Colo., Nov. 4.—With 32 initiated and referred bills and constitutional amendments to be voted upon, in addition to eight State and sional tickets, it is expected that voting and counting returns in Colorado will be slow.

Nevada.

Reno, Nev., Nov. 4.—At the close of the campaign tonight Democratic leaders claim the State for Wilson, Pittman for the Senate and Tallman for Congress.

The Republicans make no claim for Taft. The Progressives claim the State for Roosevelt.

Delaware.

Wilmington, Del., Nov. 4.—Election eve finds leaders of the Democratic, Republican and Progressive parties in Deleware optimistic on the result of the election tomorrow.

Connecticut.

New Haven, Conn., Nov. 4.—On the election eve the voters of Connecticut are more uncertain as to the outcome of tomorrow's election than any Presidential election in recent years. Despite claims of good sized pluralities by the various campaign managers, everything points to a close vote.

Vermont.

Montpelier, Vt., Nov. 4.—More activity was shown in political circles today, the final day of the campaignn than at any time since the State election in September. The Republicans, Democrats and Progressives held rallies in most of the big cities.

CAMPAIGN IN WAYNE.

Closed With Big Rally at Goldsboro Yesterday—The Speakers.

(Special Star Telegram.)

Goldsboro, N. C., Nov. 4. — The Wayne county campaign closed here today with a grand Democratic rally. Addresses were made at noon by the county candidates, followed by Mr John D. Langston, who made a magnificent speeech, appealing to Wayne county to come out and give Woodrow Wilson and the Democratic ticket a record-breaking majority. Attorney General Bickett spoke tonight to a crowded house at the Goldsboro Opera House, making a splendid speech that will inspire the Democrats to renewed efforts to make this the banner year in Wayne by giving the Democratic ticket the best vote in the history of the county, and in the future to keep politics on the high plane that the Democratic party stands for.

SIMMONS IS CONFIDENT.

Managers in Raleigh Say 30,000 Majority Not Impossible.

(Special Star Telegram.)

Raleigh, N. C., Nov. 4.—At State headquarters for Senator Simmons' campaign in the Senatorial primary, it was stated today that conservative estimates from the various counties indicate that Senator Simmons will have a majority over both of his opponents in each of the ten congressional districts except the Second and Fifth, and the latest advices would not justify conceding Governor Kitchin a straight majority in either of these districts. No one need be surprised, says the statement, if the returns tomorrow night show that the Governor falls short of a majority in both of these districts; also that there will be Simmons majorities in the eight districts; that he will carry the State approximately by 30,000, these estimates not taking into account the final landslide of which Manager Rogers says there is some evidence on the eve of the primary.

WOODROW WILSON HURT

The Governor Receives Painful Scalp Wound In Auto Mishap

Princeton, N. J., Nov. 3.—Governor Woodrow Wilson tonight wears a narrow strip of collodion and gauze across the top of his head, covering a scalp wound three inches long, which he received early today in a motor car mishap on the way home from Red Bank, N. J. His automobile struck a mound in the road and jolted him against a steel rib in the roof of the limousine car. The wound is not serious, and the Democratic Presidential nominee will fulfill his speaking engagements in Patterson and Passaic, N. J., tomorrow night and attend to his correspondence as usual early tomorrow.

Tonight the Governor was in the parlor of his home, the center of a group of friends. There was nothing in his manner to indicate he had met with any mishap. He said he did not feel the wound in the slightest degree, and had not even developed a headache from it.
